

DISCONTENT IN GERMANY IS NOT JUSTIFIED

Declares Von Hertling Before Reichstag Committee

LONDON, Sept. 24.—(By The Associated Press.) Count Von Hertling, the German imperial chancellor addressing the main committee of the reichstag today declared that the public discontent in Germany was not justified by the military situation on the western front, according to a dispatch from Berlin.

The chancellor opened with the promise to meet the desire of the reichstag for information as far as possible. He alluded to the deep discontent which has seized wide circles of the population and said that the principal reason was the pressure of terrible four years of war, on every individual.

"I have no intention of trying to diminish this pressure," he continued, "but gentlemen, if this discontent is influenced by our present military situation, by the events on the western front, I must without desiring to impute a statement which we may expect from a representative of the war ministry, declare most emphatically that it far exceeds justifiable limits."

Count Von Hertling admitted that the last German offensive was unsuccessful and that it had been necessary to withdraw to the Siegfried line.

"The situation is grave," he added, "but we have no cause to be faint hearted. We have already had to pass through harder times."

"How do things stand now?"

We have peace with Russia and Roumania and even the conditions in Russia are not yet clear and the future appears uncertain, nevertheless the former menace from two sides has disappeared and a considerable part of our men of the eastern army can be employed in the west."

MEXICAN TROOP TRAINS DESTROYED

EL PASO, Texas, Sept. 24.—Confirmation of the reported destruction of two trains and a large steel bridge on the Parral and Durango railroad by Villa forces Sept. 16, was received here today from Parral.

The trains left Parral on Independence Day carrying 700 infantry and followed by cavalry supports. At San Jose sixty kilometers from Parral, the steel bridge was dynamited and 19 of the 20 cars making up the two trains were buried. As nothing was said about casualties among the troops it is believed they had detrained for the mountains in pursuit of Villa.

Rumors that Villa captured Parral Sept. 20 were denied by messages from there today.

Militarism of Germany Must be Crushed Forever

WASHINGTON, Sept. 24.—Determination of America and the Allies to use only the argument of force until Prussian militarism shall have been forever crushed, was emphasized in addresses delivered today in the senate by Ambassador Jusserand of France, and Vice-President Marshall.

The occasion was the presentation of a vase to the senate by the French government in appreciation of the reception accorded the French mission that came to welcome America into the war.

Ambassador Jusserand said the free nations are in the war until the last gun is fired, so as to make good the American declaration of independence. Mr. Marshall said America was determined to fight on until Bethlehem shall prevail over Berlin.

A picturesque setting for the presentation ceremonies was given by dropping the Stars and Stripes and French Tricolor on the gallery rails back of the vice president's rostrum, while below on either side the two huge vases each nearly six feet tall were placed in view of the audience.

In closing his address Ambassador Jusserand spoke feelingly of the unusual honor accorded him in being given the privilege of addressing the senate. Members and attaches of the upper houses said they believed it was the first time that an ambassador of a foreign country had addressed the body. Addresses of both Ambassador Jusserand and the vice president were received with unusual demonstration the senate rules against applause being suspended.

CAPTURE BANDITS.
Kansas City, Mo., Sept. 24.—A score of policemen this afternoon after a revolver battle lasting about an hour captured Roy Lancaster alias "Kansas City Blackie" and Alf Lancaster, a brother, both of whom the authorities declare are members of the Lewis gang, several members of which were arrested in Colorado two weeks ago.

National Lottery Will Be Drawn Coming Week

WASHINGTON, Sept. 24.—The National Lottery, which in a measure will determine the order of the calling of the 13,000,000 men between 18 and 45 years old who registered Sept. 12, probably will not be held before next week. Officials had hoped to fix a date late this week, but this plan is understood to have been abandoned in order that additional time may be given local boards to correct any errors made in assigning serial numbers to the registrants.

Since men between 19 and 36 are to be the first called to the colors, the drawing will have less effect upon determining the order of the call than that for the nearly 1,000,000 men who turned 21 before last June 5. Order numbers for all the 13,000,000 men will be drawn, but youths 18 and men between 36 and 45 will not be called until the boards have given classification to all the men between 19 and 36 who are the first to receive their questionnaires. In the meantime many of the 19 to 36 classes will have been inducted into service. Reports received today by Provost Marshal General Crowder that satisfactory progress is being made by local boards in attached serial numbers to the registration cards, but in one or two instances mistakes by local boards have made necessary the renumbering of the cards for all registrants under their jurisdiction. One New England board before attaching the numbers classified all registrants by age, making a separate group of 18 year old registrants, a second for registrants between 19 and 37 and a third for those from 37 to 45 years old. Orders were issued to re-number the entire group. Only five states have now reported the totals of the registration. Unless their returns show sharp decreases under the official estimate the total registration will exceed the original estimate of 12,778,000.

Adopt Measures to Enforce Wages During the War

WASHINGTON, Sept. 24.—The government is about to adopt measures to enforce stability of wages during the war. Plans under discussion between representatives of manufacturers and labor and officials of the war and navy departments charged with letting enormous contracts it was learned today provide for a national system of community or industry agreements in which both employees and employers will participate and which will be enforced for the agreement period thru government priorities proper or thru labor organizations.

This plan has received tentative approval of representatives of manufacturers and labor interests and will be discussed further tomorrow with a delegation from the national industrial conference board.

One of the principal reasons for the action which might be taken is to facilitate the enforcement of the government's wage stabilizing policy.

Competing demands Stabilizing Plan.

Rapidly rising labor costs stimulated by competition among industries for employees and by the government's prime necessity for production have forced the war and navy departments to take the lead in promoting stabilizing measures. Officials explained today, in doing this, they hope the guarantee to employees in interests fair wages. These agreements lasting probably for six months will be concluded between the government representatives and manufacturers. If manufacturers refuse to pay the standard wages or pay more and thereby unsettle the community conditions they might find their supplies of fuel and materials cut off thru priorities orders. If labor organizations violate the agreement their members would be barred from seeking work thru employment agencies, all of which are now government controlled.

CAMPAIGN FOR WAR FUNDS OCT. 11 TO 18.
Chicago, Sept. 24.—Seven war workers organizations at a meeting today decided to lay plans for a great united campaign for funds in Illinois from October 11 to October 18. The organizations represented are the Y. M. C. A., the Y. W. C. A., the Jewish Welfare Board, the American Library Association, the War Camp Community Service and the Salvation Army and the National Catholic War Council. The total to be raised was set at \$170,500,000. Governor Frank O. Lowden in a speech urged that this fund be oversubscribed.

SIX BILLION IS MINIMUM FOR 4TH LIBERTY LOAN

Announcement Made In Stirring Address By McAdoo

WASHINGTON, Sept. 24.—The American people will be asked to subscribe in the three weeks' beginning next Saturday to the greatest loan in all history.

The treasury department announced tonight that the amount of this, the fourth liberty loan, will be \$6,000,000,000. The bonds will bear 4 1/2 per cent interest and will mature in 20 years, with the government reserving the right to pay them in fifteen years if it elects. In making public these final details of the loan, the treasury also gave out the quotas each federal reserve district is expected to subscribe and from which will be figured the share of each state, county, city and hamlet. Apportionments for states and small subdivisions will be worked out by district organizations and announced within a few days.

In assigning quotas, the treasury took into consideration unusual conditions either of prosperity or of business hardships as well as the banking resources of each district.

Following are the quotas and percentages of the total by federal reserve districts:

(In the following tables the millions, or 000,000, are left out)

District	Percentage	Amount
New York	14.1-2	\$1,800
Chicago	14.1-2	870
Cleveland	10.1-2	600
Boston	8.1-3	500
Philadelphia	8.1-3	500
San Francisco	7.1-10	402
Richmond	4.2-3	280
St. Louis	4.1-3	260
Kansas City	4.1-3	260
Minneapolis	3.1-2	210
Atlanta	3.1-5	192
Dallas	2.1-10	126

The share allotted to the New York federal reserve district is \$1,800,000,000, or 30 per cent of the greatest loan yet offered. The loan, which will bear 4 1/2 per cent interest will run for 20 years maturing October 15, 1938, unless the government should exercise its reserved right to redeem the bonds on or after October 15, 1933.

Asserting that without this vast sum, we cannot lick the kaiser, the secretary made special appeals for the subscriptions of corporations and wealthy individuals, as returns from the third liberty loan indicated that wealthy corporations and persons of large means had not responded "commensurately with their abilities to help."

He pointed out that of the 18,000,000 Americans who subscribed for the last loan, only 22,500, including corporations bought bonds in excess of \$10,000.

"It would be preposterous," he said, "to say that there are only 22,500 men, women and corporations in America able to lend more than \$10,000 each to their government in liberty bonds."

Condemns Swindlers.
Mr. McAdoo also condemned the practice of "swindlers and unscrupulously and unpatriotic people, who contrary to the urgent request of the treasury department had induced holders of liberty bonds to exchange them for stocks or investments of doubtful value."

He pointed out that the operations forced the treasury to buy the bonds thus thrown upon the market in order to protect the market and the credit of the government.

"Thus the treasury's available resources from the loan," he declared "are depleted and forced in unworthy channels often times in wild enterprises to the injury of the American people and to the detriment of the war. We must create a healthy public opinion which will reprehend such practices. We must provide the machinery and the means thru which those who have to sell their bonds may do so and get the highest possible price for them while at the same time protecting the investor."

Mr. McAdoo said in part: "The treasury of the United States asks the American people to subscribe to the fourth liberty loan, \$6,000,000,000. We cannot lick the kaiser without it. We cannot restore peace to the world and re-establish liberty and democracy without it. The huge amounts expended by America in this war are not wholly used for destructive purposes. Great sums are used for constructive work which will be of permanent value to the American people. We are building a great merchant marine. Upon completion it will be the largest, most efficient and modern merchant fleet in the world. The wharves and terminal facilities we are constructing in America for the accommodation of this merchant marine are an essential part of it. Our commerce after the war will be facilitated by these great national undertakings and the money used for these purposes is an investment of immeasurable value to the American people. The loans to the allied gov-

War News Summary

News of Activities On Various Battle Fronts in Summarized Form By Associated Press.

In both Macedonia and Palestine the Entente Allied forces are giving the already badly beaten Bulgarians, Germans and Turks no rest, while in France the British and French are continuing to draw their net more closely about St. Quentin and the remaining elements of the Hindenburg Line in this immediate region.

In Macedonia the situation of the Bulgarians and Germans daily grows more critical as the Allied forces steadily maintain their pressure against them. In Turkey the latest operations of the British and Arab tribesmen friendly to the allied cause seem to forecast the complete destruction or capture of the Ottoman troops in Palestine on both sides of the river Jordan.

St. Quentin thru the latest advances of the British and French is all but enveloped and to the north the strong enemy line protecting Cambrai has been further encroached upon by Field Marshal Haig's men. Along the 100 mile front in Macedonia from the region north of Monastir to Lake Doiran the entire entente armies have pressed further forward against the demoralized Bulgarians and Germans whose reinforcements have not been able to stiffen the line for a face about.

North of Monastir the important strategic position of Prilep has been occupied thus giving control of the numerous roads radiating from it to the French cavalry. In the center the Serbians have pushed their wedge further in between the enemy's western and eastern armies, while on the extreme eastern flank the British and Greeks have advanced along both sides of the Vardar to a depth averaging about ten miles over a front of twenty miles.

Nowhere are the entente commanders permitting the Bulgarians and Germans to lose contact with the advancing troops who are harassing them vigorously.

So badly has the hundred mile line been penetrated or battered

armies are represented by obligations of great nations who will in time repay them. Out of the \$30,000,000,000 of appropriations made by the congress for the fiscal year 1919 it is probable that \$8,000,000,000 to \$9,000,000,000 will represent loans to the allied governments and expenditures for ships, ship yards, docks, wharves and other facilities which will be salvaged to the American people."

Everybody should buy bonds, Mr. McAdoo continued:

"Wages and salaries are higher in America today than ever before in its history. Those who spend everything they earn are not only living in a fool's paradise but they are doing a grievous injury to their country. They are living in a fool's paradise because the same degree of prosperity cannot be expected to continue on the return of peace when the inevitable readjustments of all industries must take place; and they are doing their country a grievous injury because it is only by saving that we can provide our government with the money which it must have to buy the essential supplies for our military forces. Every dollar saved and invested in liberty bonds will be worth much more when peace comes again."

"I was asked not long ago what arguments could be made for the fourth liberty loan. I replied immediately 'Pershing and our heroes in France.' No other argument is necessary. We can people know and feel the need of those men and are prepared to go the limit to supply that need."

"Who is not thrilled by what Pershing and his glorious men have done already upon the field of battle, what we must do in America is to keep the pressure high. Now that we have the kaiser and his brutal hordes on the run, let us not relax our effort but intensify our effort. Keep hitting hard and smashing harder. That is the way to win surely and quickly. That is the way to eliminate the Rhine, that is the way to open an American parade on Unter Den Linden."

"No man can shirk his duty without incurring the just reprehension of public opinion." concluded the secretary. "The acid test will be whether from military service or in the field of labor or in the ranks of the wealthy will be unable to withstand the finger of scorn which will be unerringly pointed at him."

WELL KNOWN STOCKMAN DEAD.
Omaha, Neb., Sept. 24.—John S. (Jack) Walters, for thirty years connected with the Union Stock Yards and for many years superintendent, died today at an Omaha hospital.

THIRTY-ONE KILLED.
London, Sept. 24.—Thirty-one persons were killed when an express train from Berlin for Vienna derailed with another train at the Dresden station, says an Exchange Telegraph dispatch from Copenhagen, quoting a Berlin message. Fifty-nine persons were injured.

STATEMENTS

Official Communications Issued By Belligerent Countries Regarding War Situation.

BERLIN, Sept. 24.—via London.—The headquarters report this evening says:

"Severe enemy attacks which were renewed northwest of St. Quentin between the Ombignon rivulet and the Somme failed."

LONDON, Sept. 24.—The official report by the air ministry tonight says:

"On Monday eight hostile machines were destroyed and three driven down. Four of ours are missing. At night we attacked enemy airdromes, railheads and depots with vigor and effect, dropping tons of bombs without losing a machine."

WASHINGTON, Sept. 24.—Capture of twenty nine prisoners and two machine guns by American raiding parties in the Woeyve was reported in General Pershing's communique for yesterday received tonight at the war department. The statement follows:

"Headquarters American Expeditionary Forces, Sept. 23: 'Section A: In the Woeyve our raiding parties were again active, bringing in 29 prisoners and two machine guns. Three hostile raids in the Woeyve and in the Vosges were repulsed.'"

LONDON, Sept. 24.—In the region west of St. Quentin the British troops have carried out a successful operation over a front of four miles from the Ombignon river south and taken about 800 prisoners, according to Field Marshal Haig's communication issued tonight.

The text of the communication follows:

"A successful operation was carried out this morning in co-operation with the French in the St. Quentin sector. At dawn English troops attacked over a front of four miles from the neighborhood of the Ombignon river southward. Good progress was made all along this front. About 800 prisoners were taken."

"Vigorous resistance was encountered at a number of points, especially in the neighborhood of Selency, where the fighting is still continuing. There was local fighting again today northeast of Ephe, as a result of which we improved our positions slightly. On the remainder of the front there is nothing to report."

ADOPT EIGHT HOUR DAY BASIC LAW.

New York, Sept. 24.—The United States steel corporation has adopted the eight hour basic day for its employees. Chairman Elbert H. Gary announced today that this step had been approved by the corporation upon recommendation of the heads of the corporation and of subsidiary companies. He added that the open shop plan hereafter in force thruout the works would be continued.

HUNS INCREASE FIRE AGAINST THE AMERICANS

Denotes the Greatest Uneasiness On Part of the Enemy

WITH THE AMERICAN FORCES IN LORRAINE, Sept. 24.—(By The Associated Press.) 4:30 p. m.—The Germans in the past twenty four hours have increased the intensity of their heavier gun fire on the Amrican front which seemingly denotes the greatest uneasiness on the part of the enemy. Otherwise the German activity has been confined to raids and patrolling.

Altho there appeared to be no immediate purpose for the vague fire of the German artillery which did no damage the enemy spent the entire night bombarding the back area southwest of Kammes and kept up a bombardment both north and south of Pont-a-Mouson for hours at a stretch.

The German fire was a little more intense but no more effective than it had been since the Germans retired as the result of the American offensive in the region of Miel.

The German artillery fire seemed directed aimlessly and purposelessly for the enemy similarly shelled viciously the fields and woods to the east of Benoit, doing no more damage than at the other points.

Very unfavorable weather continued to hold the infantry and aviators on both sides fairly inactive and the enemy vented his anger from his trenches only rarely and few of his fliers were seen. The Americans carried out a successful raid south of Villeray after violent artillery preparation which netted five prisoners and patrolling expeditions at various points on the line.

Aviators Do Good Work.
With the American Forces on the Lorraine Front, Sept. 24.—(By The Associated Press.) The American flying circus, is the nickname by which the most notable American aviation pursuit group will be known in the future after having enhanced its record, notwithstanding the St. Mihiel offensive. This group consisting of several pursuit squadrons, is the oldest in the service. It did its "damning" work in the Meuse fighting and it may be said to have fully established its claim to the title by 84 clean cut victories with minimum losses during the past ten days.

One hundred and thirty seven officially confirmed victories had been credited to the group last night with 17 more confirmations under way and achieved twice as many victories actually but not counted officially because of the strict American and French method of reckoning as victories only those planes and balloons seen to have been destroyed by witnesses other than the aviators taking part in their destruction.

Enemy Planes Brought Down.
With the American Army on the Lorraine Front, Sept. 24.—(By The Associated Press.)—A German airplane was shot down this afternoon between Kammes and Ephe, probably by anti-aircraft fire. The pilot and observer were captured alive. The machine was only slightly damaged.

EDITORS WILL VISIT BATTLE FRONTS

NEW YORK, Sept. 24.—Twelve editors representing as many newspapers and press associations have accepted the invitation of the British and French governments to visit the war zone for a first hand study of conditions, it was announced today. The party will spend two months in England, Scotland and Ireland before visiting the western front in France.

The editors who will make up this party are: Colonel Charles A. Rook, Pittsburgh Dispatch; Frank R. Kent, Baltimore Sun; Edward W. Barrett, Birmingham, Ala. Age-Herald; A. N. McKay, Salt Lake Tribune; H. V. Jones, Minneapolis Journal; Edgar B. Piper, Portland Oregonian; E. Lansing Ray, St. Louis Globe-Democrat; Lafayette Young, Des Moines Capital; Frank L. Glass, Birmingham, Ala. News; Edward H. Butler, Buffalo News; Wright A. Patterson, Western Newspaper Union, and Edward J. O'Hara, Syracuse Herald.

TWO AVIATORS CAPTURE 65 GERMANS

London, Sept. 24.—Two British aviators flying low in one machine brought about the surrender of sixty-five Germans and without leaving their machine. The pilot and his observer had been attacked from a trench and taken road. The pilot dived and fired killing one and wounding three. The Germans hoisted a white handkerchief. The pilot then descending to within fifty feet of the ground ordered the Germans out of the trenches. All were safely brought in and handed to British troops.

GOMPERS IN PARIS.

Paris, Sept. 24.—Samuel Gompers, president of the American Federation of Labor and his party of American labor leaders, arrived in Paris today.

TELEGRAPH BRIEFS

St. Paul, Sept. 25.—The death of Archbishop Ireland is expected momentarily. Father Thomas A. Welsh, his secretary, said at 2 a. m. today (Wednesday).

WASHINGTON, Sept. 24.—President Wilson returned to Washington tonight from Princeton, N. J., where he cast his ballot in the primary election of his home state.

SAN JUAN, P. R., Sept. 24.—The government tonight announced that the sugar crop for 1918 is 453,796 short tons, as compared with 503,087 tons in 1917, a decrease of slightly over ten percent.

ASHLAND, Wis., Sept. 24.—Lieutenant Howard Barthelet was reported today from Camp Rantoul, Ill., in a biplane to Ashland, Saturday left this afternoon on the return trip. Bretting lives here. This is the third cross-country flight across Wisconsin, they said.

NEWARK, N. J., Sept. 24.—Contradicting the testimony given by Frederick W. Geerdes, superintendent of the American Button company eight girl employees swore at the coroner's inquest today that they had never been given fire drills previous to the recent fire at the plant of the company that resulted in the deaths of eleven employees and the serious injury of four others.

WASHINGTON, Sept. 24.—Minimum wages of \$2 a day for civil employees, exclusive of those in the postal service who have been in the service of the government for two years or more, are provided in a bill passed by the house today and sent to the senate. More than 66,000 persons would be effected, according to Representative Nolan of California, Republican, its author, who estimated the total increased cost to the government at \$20,000,000.

ABERDEEN, Sept. 24.—Mark P. Bates, candidate for governor on the non-partisan league ticket and I. B. Townley, non-partisan league organizer, were driven from Britton, Marshall county, tonight, by a crowd of 350 men when they attempted to make a campaign speech there according to reports received here.

NEW YORK, Sept. 24.—Two more army officers were named today at the trial in the federal court of Felix Goulet, promoter and David L. Podell, lawyer, in connection with the capture of Aubrey W. Vaughan, U. S. C., on a charge of conspiracy to defraud the government in connection with army rain coat contracts. Daniel Davidson, a special agent of the department of justice testified that he heard Goulet say a "Colonel Hirsch" and a "Major Scott" were the "master minds" of the department were "in" on the contracts.

BOSTON, Sept. 24.—The possibility of increasing the availability of this city as an export center was considered by Chairman Edward N. Hurley of the shipping board, Admiral William S. Benson, chief of operations of the navy, Quartermaster George M. Goethals of the army, and representatives of the federal shipping control and exports control committee during a visit here today.

WASHINGTON, Sept. 24.—The seventh and probably the last issue of certificates of indebtedness preceding the Fourth Liberty Loan, announced tonight by the treasury will be for \$500,000,000 dated October 1, maturing January 30, bearing 4 1/2 per cent interest and having the same terms as similar past issues. Subscription books will close October 8. This will make a total of about \$4,500,000,000 certificates to be redeemed out of proceeds from the Fourth Loan.

HAS NO FEAR OF GOVERNMENT CONTROL

CHICAGO, Sept. 24.—Government ownership of railroads has no terrors for Samuel Untermyer, according to an address which as general counsel for the railroad security holders' committee delivered today before the American Bankers' Association of this city. He put himself on record as opposed to Socialism which he called "an unworkable scheme" and an idealistic, irresponsible dream.

He said government ownership of railroads would be made advantageous to the government and vastly more just to security holders than federal control under what he called "the one-sided condition of this operating contract."

He added that his lack of fear extended beyond the railroads to telegraphs, telephones and natural resources, such as forests and mineral deposits.

FILE NOMINATION PAPERS.

Boston, Mass., Sept. 24.—Nomination papers for Thomas W. Lawson as an independent candidate for United States senator were filed with the Secretary of State today. The papers contained sufficient names to assure Mr. Lawson's name being on the ballot in the November election, officials said.

REPORT N 3,000 NEW CASES OF INFLUENZA

112 Deaths In Army Camps Reported During the Day

NEW YORK, Sept. 24.—Near 3,000 new cases of Spanish influenza in army camps had been reported to the offices of the surgeon general of the army up to noon today, increasing the total number of cases to nearly 25,000. Deaths reported were 112, due chiefly to pneumonia which followed influenza. The total of pneumonia cases was 390 for all camps.

New cases of influenza were reported today from 21 camps in all, while Camp Beauregard, La., reported its first case.

Camp Devens, Mass., had the highest number of new cases, 616, and Camp Lee, Va., the second highest, 528.

The total number of cases at Camp Devens is now placed at 10,789.

500 Cases at Camp Meade.
Camp Meade, Md., Sept. 24.—The authorities admitted today that there are 500 cases of influenza in this camp. More than a dozen men with the disease were nearly 50,000 men in this cantonment so the percentage of cases as yet is small. There have been no deaths and every care is being taken to prevent pneumonia complications.

To arrest the spread of the disease Major General Carter, the commander of the LaFayette division today forbade any large gatherings of the men indoors.

Sixty Deaths at Devens.
Ayer, Mass., Sept. 24.—Sixty-six deaths were reported at Camp Devens from influenza or pneumonia today. Among the victims were Captain Charles A. Sturdevant, of Manchester, N. H., medical officer of the 74th Infantry and a nurse, Mrs. Dorothy W. Crosby of Boston.

Camp medical officers conferred today with civilian specialists regarding means of fighting the epidemic.

Deaths at Newport.
Newport, R. I., Sept. 24.—Twenty one deaths and 133 new cases of influenza were reported in the second naval district today. Among those ill at the torpedo station are men who arrived this week from the Great Lakes Training station. The total deaths in the district due to the epidemic Sept. 5, reached 82 tonight.

Crisis Has Passed.
Chicago, Sept. 24.—The crisis of the Spanish influenza epidemic, which has stricken more than 4,000 sailors at the Great Lakes Naval Training station since Sept. 1, has now passed, according to a statement issued tonight by Captain William A. Moffett, commandant.

"The percentage of death" still continues small while the number of new cases is steadily decreasing," he said. "The total number of cases occurring on the torped station in the last 24-hours was 369. The total number of cases since the beginning of the epidemic is 8,213. Of these 2,206 have been taken care of in the hospital."

"The medical officer in command in the hospital states that it is hoped that at the present rate of decrease in the number of cases the situation will be entirely cleared in the next five or six days."

WILL REVIEW CASES.

Washington, Sept. 24.—Congressional committees today reviewed the cases of employees and the companies in nearly a dozen cities which were reviewed by the war labor board this week, it became known today when the board reassembled after a brief recess. East St. Louis, Ill., and Springfield, Ill., are among the cities where disputes remain to be adjusted.

ASK FOR INCREASE IN FARES

Chicago, Sept. 24.—Claiming that a straight five cent fare is insufficient to meet its growing expenses the Rockford City Traction company today asked the public utilities commission to grant it the right to charge six cents per passenger. The application was taken under advisement.

gone by. In all instances just
when the water scarcity has
reached the most acute and dan-
gerous stage rain has come to
bring relief. And the same pro-
vidential care is shown in re-
lation to fires. With a department
reduced to one third of normal
strength the city has been re-
markably free from fires during
recent weeks. Let us hope that
this immunity from fire loss will
continue if the department is to
be permitted to exist with only
a chief and three men.As indicative of the spirit of
the times the program of the
American Bankers association in
Chicago shows a war influence in
every address and discussion.
Without the bankers the pros-
perity of the war would be weak
and ineffective. These financial
men have given further evidence
of their patriotism by insisting
that there shall be no question
raised about the "possibility of
winning the war," insisting that
it is only a question of "when"
victory will come.The Springfield street car
strike which has been a sourceof trouble in the capital for more
than a year is now being consid-
ered by the war labor board.
Both sides to the controversy
agreed to this plan some weeks
ago. If all parties to wage dis-
putes can bring themselves to
submit the question at issue to
some government board in the
days after the war, just as most
labor organizations are doing,
that will be one benefit of the
war well worth the counting.THE FOOD
ADMINISTRATION'S WORK.The following statement was is-
sued recently by Senator William
M. Calder of New York:
It is my belief that no one gov-
ernmental department, up to the
present, has done more to win the
war than the food administration.
Its methods of regulating the na-
tion's food supply have so won the
confidence of the people that they
comply willingly with every con-
servation suggestion made neces-
sary by war-time demands upon
us.The remarkable fact is that the
stream of food has been kept con-
stantly moving across the Atlantic
to our army and the allies with-
out the food administration's in-
terference to our own people or
dislocation of American business.
Instead of elaborate systems of
compulsory rationing such as have
been enforced in all the European
belligerent countries, the food ad-
ministration campaign has been
worked out through voluntary
savings of the people at large.
Herbert Hoover has been justified
in the belief he has always held
—that the great majority of the
people needed only to be told
what was necessary to do to win
the war, and that they would do
it voluntarily and without question.The food administration has
been successful in eliminating
hoarding and speculation, stabiliz-
ing prices and winning the co-op-
eration of the business men of the
country. These men have attend-
ed conferences with food adminis-
tration officials at Washington,
and when the gravity of the situa-
tion was explained to them have
gladly placed all the resources of
their trades at the disposal of the
nation. No one visiting New York
or any large city of the country
could fail to realize how whole-
heartedly the great majority of the
food merchants have responded to
national necessity. The call has
been answered with the same loy-
alty by the farmer in his fields,
and the housewife in her kitchen.
All have combined to produce, dis-
tribute and save food for our arm-
ed forces and the allies.

Not all of us can go to the front.

Only a few, relatively, can feel the
thrill of patriotic pride that comes
from direct service in the war ma-
chine. But every one of us can
save food. To co-operate with the
food administration is to perform
the universal service in which ev-
ery American, without exception,
can help directly to win the war.THE REASON FOR
BOND BUYING.Secretary McAdoo has an-
nounced that the fourth Liberty
loan will be for \$6,000,000. Mor-
gan county's allotment will no
doubt be made known today and
will be practically double that of
the third loan Saturday of this
week will be the first of the three
volunteer subscription days desig-
nated by the government and now
is the time for all patriotic
citizens to decide just the share
they will have in this loan.In determining their sub-
scription they should be guided
first of all by the patriotic de-
mand and in a secondary way by
the thought that the Liberty loan
offers the best and safest possible
investment. The time for discuss-
ing the cause of this war or why
it was necessary for the country
to take part has long since pass-
ed. America has been engaged
in this war now for more than a
year. Nearly two million men
from these United States have
gone overseas to take active part
in the conflict. It will be only a
few months yet until two mil-
lion more have been transported
and so this is a war in which
every citizen of the United States,
great and small, has a direct
and personal interest.The power behind the guns is
money for without funds there
can be neither munitions or am-
munition, and after all, it is
dollars that will win the conflict.
Not all can take active part on
the battle field. Some are too
old, some too young, others not
strong enough physically and
still others whose services are
more valuable here at home.
But every one can have a share
in the winning of the war by sub-
scribing to the Liberty loan. It is
a patriotic duty, a patriotic demand.And along with the other
thoughts will come the one that
the war can and must be paid
either thru taxes or thru bonds.
The latter method simply divides
up the war cost thru a period of
years and makes the coming gen-
eration share with the people of
today in paying the debts of
democracy and liberty.THE PRIMARY
LAW'S WEAKNESS.The White County Democrat in
a recent issue takes some pride
in the collection that it was
always opposed to the primary
law as applied to state offices.
Commenting upon the recent
election, the paper says that the
primary law is "only a highbrow
dream of fairness." The point
which the Democrat raises is
well taken in that voters have
the chance to know candidates
for county and local offices but
that in most cases they have
little or no knowledge of candi-
dates for state offices for whom
they vote. The result is that the
place on a ticket that a candi-
date secures often has a very
large result in the number of
votes he receives. This is the
further comment that the Demo-
crat editor makes."In the case of the present law
the designing politician known as
the low-brow and the profession-
al reformer known as the high-
brow, shook hands and doubled
teamed on the people in an at-
tempt to fool them. And with the
assistance of successful legisla-
tures and succeeding executives,
have apparently kept them fool-
ed.""Let us look at a few of the
freak results of Wednesday's vot-
ing on state candidates in White
county.""On the Democratic ticket
James Traynor received 509 votes
for United States Senator, and
James O. Monroe received 207.
Neither one is known to a voter
in White county. It is a time
when the selection of a senator
is of supreme importance. The
only reason why either of these
men received more than twenty
votes each was because several
hundred men differed as to
whether they should vote for the
first name or the last one, should
they bet on the black or the red.
Fine system for selecting a candi-
date!""On the same ticket the same
condition obtained with reference
to the state treasurer's race. The
vote was so evenly divided that
the county might about as well
not have voted. Mr. Downey who
carried the county hasn't a
speaking acquaintance in it, but
he was the first on the ticket. We
presume we may account for Mr.
Brady's vote on the theory that
about a third of the voters played
the middle against both ends.""On the Republican ticket
Charles P. White, a political
nonentity, wholly unknown ran
only eighteen votes behind Fred
E. Sterling, chairman of Republi-
can State Committee and one of
the leading Republicans of the
state. Mr. White had the pole."Rippling Rhymes

USING THEM ALL

The fires of commerce have to
burn, the wheels of industry must
turn, though all our strong men
shoulder arms, and leave the cities
and the farms, and cross the
ocean's briny tides to show the
Huns where he gets off. The
mills must grind, the forges glow
though all the young and stal-
wart go. So any man who has his
head may find a place to earn his
bread. The cripples who in peace-
ful days were jostled from our
busy ways, have found a useful
place at last wherein they may
forget the past. A man may earn
his bread and meat though shy of
sundry hands and feet. The halt,
the spavined and the lame, once
more get in life's busy game, and
earn their share of useful men,
and help to overwhelm the Hun.
Old granddad, who's been shelv-ed for years, and who encounter-
ed heartless jeers, when he in-
sisted, and repeat, that he was
still as good as wheat, has left
his chair and ingenook, his spec-
tacles and dog-eared book, and
now he's showing all the town
that Oler was a loosed clown.
The world won't stand for wasted
men, until Sweet Peace comes
back again. That member of the
human race who has the strength
to feed his face, has strength to
do some helpful stunt and aid
the armies at the front.

Alive—Has Been in Critical
Condition as Result of Opera-
tion.Several weeks ago the Journal
carried a story of the death of
Henry E. Reeve, brother of John
J. and T. B. Reeve of this city,
and a former resident, at his
home in Gardina, California.Monday the Journal received a
letter from Mr. Reeve's wife ask-
ing that the item be corrected.
She said that Mr. Reeve had been
in a critical condition as the re-
sult of an operation but was re-
covering.T. B. Reeve also received a let-
ter on the same date from his
brother himself, carrying the wel-
come news that he was not dead
but recovering from a critical ill-
ness.Speaking of the incident Tues-
day evening T. B. Reeve said the
only way he could account for the
mistake was an error in the trans-
mission of the message from
Granite City to Jacksonville. A
daughter of H. E. Reeve, Mrs.
Ralph Howe, resides in Granite
City. The message of the sup-
posed death came to her, and it
was thru her that T. B. and John
J. Reeve received the news."Fourth Liberty Loan

The committee of women ar-
ranging for the service flag pa-
rade next Saturday in connection
with the Liberty Loan campaign
invites every mother and every
wife of a man in the service take
part in this parade. The invita-
tion is open to all women of the
county who can meet these quali-
fications. A great deal of inter-
est is being manifested in this
parade and several hundred are
expected to take part.

RED CROSS PLEDGES

If your Red Cross pledge has not been paid take care of this matter at once. Morgan county people subscribed \$76,000 to the Red Cross fund and only \$45,000 has been paid in. Remember how essential to the progress of the war and to the comfort of the soldiers at the front this Red Cross work is. Duty and patriotism both demand that Red Cross pledges be given immediate attention.

A COINCIDENCE

T. M. Tomlinson received from Dr. C. E. Black a brief note saying that the writer had been outfitted by S. J. Tomlinson, 583 Riverside Drive, New York, in the store of Browning, King and Co., New York, and the salesman asked him to ascertain if he was related to Mr. Tomlinson of this city as the name is not very common in this country.

SOME INTERESTING PICTURES

Messrs. Andre & Andre have received from Mr. Pinkerton in France, a set of illustrated postal cards showing briefly the career of Joan of Arc, her girlhood, dreams, visions, wonderful leadership, shameful arrest and treatment as a witch at the stake. The cards are very interesting and highly prized by the owners.

LYNNVILLE WOMAN CELEBRATED BIRTHDAY

Mrs. Hulda Moore Observes Birthday Anniversary — Mrs. George Fligg Receives Letter from Son in France — News Notes.

Lynnville, Ill., Sept. 24. — The 18th of September was the birthday of Mrs. Hulda Moore, and in honor of the occasion a number of her friends and relatives went to her home on Sunday to spend the day. The day will long be remembered by those present. Those who came brought well filled baskets and when at the noon hour the guests were invited into the dining room the tables were indeed heavily laden with eatables. The dinner was not a war dinner, but just the best. At a late hour the guests returned to their homes wishing Mrs. Moore many more birthdays.

Mrs. George Fligg received a letter Saturday from her son Roy who is somewhere in France, saying he arrived safely, and that he was feeling fine, only tired from the trip.

Mrs. Ben Edwards and son Harvey of Springfield are visiting at the home of her parents, Mr. and Mrs. George Blackburn.

Miss Bertha Hunley has returned home after a visit with relatives near Manchester.

Ruth and Irene Hamel and Fay Ranson spent Saturday and Sunday with friends in Jacksonville.

Miss Cora and Len Megginson spent Sunday evening at the home of L. M. Shirliff.

The marriage of Miss Louise Nergenah and Clarence Blackburn took place Friday at 4:30 at Alton, Ill. The bride is the daughter of Mr. and Mrs. George Nergenah of Chapin and has many friends who will be interested in hearing of her marriage.

The groom is the son of Mr. and Mrs. George Blackburn of Lynnville and a young man of excellent character.

Mr. and Mrs. Blackburn will reside in Jacksonville.

Mr. and Mrs. Tom Davis were Jacksonville visitors Monday.

J. B. SCHAEFER GIVES HIS SECOND SON

J. B. Schaefer, superintendent of Nichols Park, has received word that his second son, John Henry, is to start tomorrow for Charleston, South Carolina, to enter the navy. He has one son already there and expects the third to go next week and although past legal age he would gladly go himself, if he would be accepted. He went up to Springfield last evening to say goodbye to his sailor boy.

VAST STORAGE DEPOT FOR AMERICAN ARMY

Is Made up of Colony of Warehouses, Docks and Shops—Steady Streams of Traffic Move Forward to the War Zone.

American Port, Western France Sept. — (Correspondence of the Associated Press)—The colony of warehouses, docks and shops forming the base storage depot of the American armies here is bewildering in its magnitude.

Approaching the base is like coming into some great industrial city such as Manchester or Chicago. Off to the right rise fifteen giant chimneys puffing black smoke from a group of factories. A mammoth refrigerating plant, said to be one of the largest in the world, looms against the sky. To the left is the glare of furnaces and forges where cannon and locomotives are being made, assembled and mounted. All about is the movement of vast and intricate railway traffic and the hum of a colossal industry. This base of American army supplies is the growth of the last five months, erected out of almost nothing by the impelling necessity of war. The Colonel at headquarters summed up some of the essentials of what had been accomplished:

This army storage base represents an investment of \$30,000,000, for buildings and plant alone and not for the vast stocks of army supplies.

It covers an area four miles long by a mile wide—the area of a city—with a great docking system and deep-water piers.

A Million Tons of Supplies. It is laid out for the storage of a million tons of army supplies, but the capacity is elastic and may be increased to two million tons. A million tons is the capacity of 1,000 ocean liners, or a ton for every man of an army of a million men.

There are 250 miles of railway tracks interlocking the vast network of warehouses and yards.

There are 4,500,000 square feet of covered storage, that is build-

ings with floor space and roof, and 12,000,000 square feet of open storage, in all 16,500,000 square feet of army supplies, stored and stacked from ten to fifty feet high like a range of low mountains.

The ocean pier under construction will accommodate six to twelve ocean steamers drawing 30 feet of water. With the dock facilities of the near-by city there will be an unloading capacity of 15,000 to 20,000 tons of American army supplies a day. That is, two or three ships can be turned around every day.

At one point a pier 2,650 feet long and half a mile wide is being built for general merchandise and high explosives, and just back of it is rising a huge storage depot of ammunition and high explosives.

Total of 184 Warehouses.

In all there will be 184 warehouses, of which 84 are entirely of steel manufactured in the United States and sent here ready to be put together. I have taken on an average four days to put up one of these mammoth buildings. These buildings grow as if by magic in a day, and by miles and miles. Most of these buildings, about 180 of them, are 400 feet long and 50 feet wide. Practically all of the work has been done in the last five months.

At one point it was necessary to build a concrete dam 45 feet high—a work comparing with the great Keokuk dam—in order to bring water to one of the great base hospitals adjacent to the plant, with 20,000 beds.

Three Months' Supply in Reserve. From these warehouses there is always a stream of supplies going forward to an army of more than a million men. There is always a reserve of fifteen days supplies inside the advance zone where the army is fighting, thirty additional days of reserve supplies in the intermediate zone half way up to the fighting line, and forty-five more days of reserve supplies here at the base ports ready to be moved up as fast as emergency requires. This makes in all 90 days, three months, of army supplies always in reserve, so that the army could get along for three months if not another pound arrived, whereas in fact the steady stream keeps on coming uninterruptedly, supplying the day to day needs and always maintaining the safe margin of reserve.

Inside one of the big army warehouses was like being inside some huge wholesale department store. Many were for food stores, with boxes stacked up to the roof, of corn, beef hash, bread, fast foods, canned salmon and canned bacon, oleomargarine, jam, par-boiled roast beef, cotton towels, toilet paper, pork and beans, smoking tobacco, macaroni, hominy, soap and every conceivable article needed for an armada of men. The sacks of flour filled warehouse after warehouse for almost a mile, indicating the tremendous reserve of this standard of life. Beans seemed to be another standard in exceptionally strong reserve, and the tobacco stock was also very heavy, with sugar, sirup, coffee, rice, bacon, potatoes, evaporated fruit and condensed milk showing full quotas.

Acres of Baled Hay. It was the same in the other warehouses—devoted to army clothing, shoes, medical supplies, signal corps and aviation supplies, everywhere rose the mountain piles of service coats, trousers, underclothes, socks, puttees, field shoes and an infinite variety of articles for all needs and all branches of this vast war machine. In the yards the open storage covered acre after acre of baled hay covered with canvas, with barrels, wagons, trucks and an endless array of military material.

American railway cars drawn by American locomotives over American tracks lined the warehouses and crowded the yards. The American standard railway car now used for this army service has a gray wood body, with six steel windows which open downward when the car is used for soldiers or horses, or close tight when used as a box car. There were fully 2,000 of these cars on the tracks and hundreds of American locomotives, with steady streams of traffic moving forward to the war zone.

PRAYER MEETING TONIGHT

The weekly prayer meeting of the Centenary M. E. church will be held this evening at 7:30. Subject: "Some Goals for the New Conference Year." As this is the first meeting of the conference year a good attendance is desired.

T. H. Moore of Springfield was called to the city on business yesterday.

LEMON JUICE TAKES OFF TAN

Girls! Make Bleaching Lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of Orchard White, shake well, and you have a quarter pint of the best freckle, sun-burn and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of Orchard White for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles disappear and how clear, soft and white the skin becomes. Yes! It is harmless.

REBEKAH LODGE HAS ANIVERSARY

Meredosia Organization. Enjoyed Program and Social—Delegation Will Visit Adjacent Towns to Advertise Red Cross—News Notes.

Meredosia, Sept. 24.—The Rebekahs celebrated their anniversary at their hall Friday evening. A program was rendered consisting of a piano duet by Miss Tena Kappel, Mrs. W. H. G. Looman.

Remarks—J. D. McLain. Vocal Solo—Mrs. L. H. Wegehof.

Reading—Mrs. Henry Orr. After the program the remainder of the evening was spent in playing games and social conversation.

Mrs. John Beauchamp was a week end visitor at the home of her father, Henry Streuter in Jacksonville.

Rev. T. L. Hancock returned Saturday from attending the annual conference at Quincy, and preached both Sunday morning and evening at the Methodist church and departed the following morning for his home at Covington, Tenn.

Mrs. Wm. Allen left on the steamer Golden Eagle Sunday for Beardsburg to visit relatives.

Mrs. Nancy Dunn of Petersburg is spending the week with friends of former days.

Miss Anna Easley has recovered sufficiently that she walked down town Saturday after several weeks illness of typhoid fever.

Mrs. Alice Wade has returned from an extended visit with Mr. and Mrs. Grover Beeley near Jacksonville.

Twenty two automobiles of our citizens will leave at 4:30 Wednesday evening to visit Chapin, Arenville, Concord, Bluffs and Naples to advertise the Big Red Cross picnic to be held here Oct. 3.

The "hobo band" will accompany them and give a concert at each of the above places. The autos will line up on Main street at 4:30 promptly. All those expecting to accompany the delegation must be assembled at that time.

Our citizens are making large preparations for the Red Cross picnic Oct. 3. Plenty of fish and burgoo soup and other good things to eat will be served. Numerous attractions throughout the day and evening will be on the grounds. In the afternoon and evening the Meredith Dramatic Co. will render the play "Poiled by Heck," a one act rural comedy with the following cast of characters.

Mrs. Hanks—Leta Schaefer, Olivia—Bernice Skinner, Irene—Ether Yeakel.

Reuben Hanks—Henry Orr, Sylvester Brewster—Frank Skinner.

Clarence Codd—Henry Naylor. During the afternoon a parade will be given.

Mrs. Archie Williams has returned to Springfield after a short visit with Mr. and Mrs. Charles Winingham.

Mrs. Charles Brakeville and baby of Ft. Madison, Ia., are visiting.

(ing Mr. and Mrs. David Brakeville and other relatives.

Mrs. John Floyd continues very ill at her home in the south part of town.

Mr. and Mrs. Henry Naylor are the proud parents of a son born into their home Sunday.

Mrs. J. H. Nortrup returned Monday from a visit with her son at Camp Taylor, Ky.

Mrs. J. C. Lewis of Bluffs was a business visitor here Saturday. Mrs. Charles Bonnett of Bluffs spent Saturday with her sister, Mrs. Clyde McAllister.

Mr. and Mrs. Wm. Moss of New Salem visited Saturday and Sunday with the former's daughter, Miss Ada Moss.

Dr. H. L. Lake left Sunday evening for Little Rock, Ark., where he goes to locate for the practice of his profession.

Mrs. L. J. Weeks and Miss Nellie Waldo attended the Red Cross auction at Versailles Saturday. They report a large crowd in attendance and an immense amount of donations which brought good prices when auctioned.

Miss Alta Gaddis of Springfield spent Sunday with her parents, Mr. and Mrs. Edward Gaddis.

Mrs. Luther Rice and son Ralph spent Saturday in Jacksonville. Kenneth Looman and Delos James of Illinois College, Jacksonville, were guests of home folks Saturday and Sunday.

"Fourth Liberty Loan starts September 28th—get ready."

THE GOOD ROADS MEETING TONIGHT

Let There Be a Good Attendance From the City and County.

Great efforts have been made to have a booster meeting for good roads at the court house at 8 o'clock this evening and it is hoped there will be an attendance worthy of the importance of the occasion. There is no subject of greater financial importance than good highways and the subject needs little amplification for it is patent to everybody only so many are indifferent to the call.

REVIVAL AT CONCORD

A series of evangelistic meetings will be held at Concord Christian church, commencing Thursday night, Sept. 26. The meetings will be conducted by O. C. Bolman, district evangelist of the Christian church, who has recently moved to 326 S. Diamond street, this city.

Remember the Thomas O. Graves' sale, September 26, at 1:30 p. m., consisting of horses, cattle, farming implements, harness, straw and baled hay.

Clarence Kennett and family residing near Antioch were among the callers in the city yesterday.

The First Race Meeting.

It is almost fifty years since the first race meeting of the Kentucky Breeders was given. The beginning was very humble. The Civil War only a short time before had devastated the state and the country was struggling back to normal conditions. The great wheat stock farms in and about Lexington had suffered severely during the conflict and many of the breeders had lost their lives and their fortunes. But slowly the pendulum swung back and the tide of restoration set in. In ten years' time the Kentucky breeders' meetings at Lexington were beginning to attract national fame. In ten years more they had risen to the dominant position which they have since occupied. This was due to the manifold reasons of A. Topton, who saw the possibilities that existed and made the most of them. Today he is president of the association.

After morning can be spent in this way, at small expense and happy memory. All the show places of the "Blue Grass" at Walnut Hall, Hanger Place, Fairland, Patchen Wilkes, etc., etc., the homes of the world's greatest sires and brood mares, their paddocks full of blue-blooded naggers of immense value can be viewed at a price as low as \$1.00. Kentucky's hospitality is famous and the "stranger and the pilgrim" are welcome wherever they stop.

Besides the trotters, there are also the country's most famous stables of harness horses to be seen; while the breeder interested in fancy strains of cattle, sheep, or hogs can satiate himself with the inspection of unequaled herds and individuals. There is also another rare attraction. Lexington is the home of America's tobacco trade which in recent years has grown to such tremendous proportions, involving staggering

Believing that it is the duty of every person who enjoys the freedom and privileges of citizenship in our great Country to do his utmost to help win the war, the following firms and individuals have patriotically contributed the money to pay for this and other advertisements of the Fourth Liberty Loan.

Read the casualty lists in the papers and ask yourself: "How long shall I permit this to go on?" There is only one answer: *"I will do my utmost to help equip and put into the field an American army that will make short work of the Hun and put a stop to the shedding of American blood."*

Be a Volunteer

September 28th and 29th Will Be Volunteer Days

On these days everyone will be given an opportunity to step up and buy bonds without being solicited to do so. Places will be designated where volunteer subscriptions will be received. These places will be announced in the papers and by signs. Your card will be on file there. Cards of those who do not volunteer will be used for active solicitation, which will begin Monday, September 30th. No one will be overlooked.

Do not wait for some one to come after your subscription. Show that you, too, can volunteer for your Country's service, just as our boys "over there" did.

Figure out now the very maximum you can subscribe. Be ready when Volunteer Days come. This is no time for half way measures. Half way measures won't push our

The hope of the world lies in the sons of America.

They are "Over there" now—a million and a half strong; they are going over daily—a million and a half more of them. Another million and a half are waiting for the call that soon will come.

Those who have been under fire have demonstrated superbly the qualities that make fighters—they have shown that the barbarous Hun is no match for them.

Many an American son has gone down—has made the supreme sacrifice for his Country and liberty. Before the German horde is driven back within its own borders, many more American sons will go down. How many, depends upon us at home.

A small American army, no matter how brave, will inevitably suffer severe casualties. A gigantic American army will overwhelm the Hun and bring quick victory with the least loss of life.

The lives of our sons are in our hands. The boys are ready, willing and eager. They must be trained and equipped. No time must be lost. It is up to us to provide the money necessary to make these boys invincible. We must do it and do it quickly. With our own sons already in the fight, every day's delay lays at our own doors the blood of brave American sons.

boys across the Rhine. It is up to us to buy bonds with every uninvested dollar we own, plus every dollar we can save by careful, frugal living for six months to come.

You don't have to pay all cash for your bonds. You can make your first payment from cash in the bank, and take care of the balance out of your daily, weekly or monthly savings.

The forced saving you do now will mean a nice nest egg later, for the bonds you buy now and pay for as you go along, will prove a splendid investment that will pay you a good interest every six months. After the war, the bonds will be worth more than you paid for them. Don't hesitate to do your duty and do it quickly. "Don't let the SON go down."

INTERESTING ITEMS FROM WHITE HALL

Fourth Liberty Loan Campaign to be Launched—Other White Hall News.

White Hall, Ill., Sept. 24.—The time set for setting timepieces back one hour and thereby return to the old reckoning of time. The date falls on October 26th. Notice to this effect received by R. B. Pearce, co-operative observer of the weather bureau requests that all readings be made to conform to the time change. The operation of the daylight saving plan during the summer since March 30th has been almost universally observed among all classes of people with advantage and satisfaction and it would seem that the daylight saving scheme has come to remain indefinitely.

and Mrs. C. H. Springgate leave the first of October for Cincinnati, Ohio, to reside with their daughter, Mrs. Charles Sawyer.

Mrs. E. C. Pearce has returned from Arlington, Kansas, where she was called by the serious illness of her aunt, Mrs. F. A. Brooks. The condition of Mrs. Brooks remains serious, and Mrs. Pearce Gosnell and Mrs. Woodson Tanner, sisters of the patient will leave for Arlington in a few days to remain indefinitely.

Much Interest in Bond Issue.

H. C. Wilhite was over from Greenfield Friday evening organizing a delegation from White Hall to attend the annual convention of the Burlington Way at Rock Island on Friday of this week. There seems to be more interest locally in the \$50,000,000 bond proposition than in the past, and a vote at the November election that there is in the Burlington Way, and it is doubtful if White Hall will be represented at the annual meeting this year for the first time since the Burlington Way was organized.

John Shepard arrived from Ann Arbor, Mich., Saturday to call on his parents, Mr. and Mrs. Arthur Shepard. He is a professor of psychology, and his services have been required by the government in the examination of recruits in the aviation service. He left Monday on his return to Ann Arbor, from whence he will go to Washington, D. C., for assignment at Fort Monroe, Va., and his duties will embrace this and two other camps.

Sergeant Leroy Richert writes his father, Charles Richert, of his safe arrival in France. The letter is an exceedingly brief one, but a more extended letter was promised for an early arrival.

Plan Liberty Loan Campaign.

The Fourth Liberty Loan campaign at White Hall will be launched next Sunday night at a monster meeting in Princess Theater, participated in by all the churches. The speaker will be Elwood T. Bailey, a returned army Y. M. C. A. secretary, who was the star orator at the recent White Hall chautauqua, and his coming insures the presence of those especially who heard him on the chautauqua program. White Hall has gone over the top in each Liberty Loan and Thrift Camp campaign, and the Fourth Liberty Loan drive promises to be the greatest yet, judging from the extensive preparations.

CONCERNING APPLES.

A gentleman from Pike county in the city yesterday remarked that R. A. Watson a commission merchant of Chicago and owner of 1,700 acres of orchards was erecting at Valley City a cold storage plant to store upwards of \$250,000. During some years past 1,200 car loads of apples have been shipped from Griggsville and Valley City and now Mr. Watson is going to a market nearer home if he will pay the price that will keep people from shipping. The structure is to be 80 by 100 feet and will accommodate a vast amount of fruit or any goods placed in it. The gentleman said he saw a check for \$32,000 a resident of Pike had received for a shipment of apples and it was mostly for willow twigs and not the whole of the crop. Several hundred acres have been planted in orchards in Pike county this year. The soil on the ridges seems especially adapted to the willow twig variety and it is a very desirable apple.

The writer recently took a long drive into the country passing a good many orchards and stray apple trees and not in a single instance was there a crop of fruit to be seen. Then he came to a farmer who sprays and trims his trees and on 22 acres he estimated a crop of 10,000 bushels of a good quality of fruit. It was on prairie land which is generally not considered quite as good for apples as the thinner soil of Pike and Calhoun counties.

COMMUNITY SING PLANNED FOR CHAPIN

The people of Chapin are planning for a community sing next Sunday night in the M. P. church. It is not a service for the Liberty Loan or any special enterprise but will be simply a patriotic gathering of the people of that town and vicinity. Arrangements are being made for the singing of a large number of patriotic songs and Mrs. H. P. Samuel of this city has been asked to give a reading. The residents of Chapin are looking forward with pleasure to the Sunday evening program.

THE PARK BOARD.

The park board met in regular session last evening with all members present except Mr. Brennan who was out of the city. Mr. Gomes reported investigations he had made regarding a lighting system for the park and it was decided to investigate the matter further.

Mrs. Wohl was instructed to secure prices on certain flowers and report at her earliest convenience. It was the sense of the board to replace the annuals that have been used with perennials as being every way preferable.

The superintendent reported that a man with a heavy automobile which had chains on its hind wheels had driven into the park, on the grass and over the concrete walk, badly damaging the same. The board will pay twenty five dollars for information resulting in the apprehension and conviction of the person doing such a shameful thing.

It was decided to erect gates across the entrances at the close of the season and hereafter shut them whenever the condition of the drives makes it desirable.

The shrubbery was reported in bad condition from scale and it was decided to write and ask Mr. Coovers to come down and assist in righting the matter in any way that seems best and at the same time give advice regarding the perennial plants. Mr. Coovers is gardener and care-taker of the flowers for parks in Holland, Michigan, and an expert in such matters.

The chair reported regarding the payment for use of the eating pavilion during the chautauqua. It was decided to offer for sale the geraniums in Nichols Park.

Attend the good roads booster meeting at the court house at eight this evening. Good speakers will be in attendance and a meeting of general interest enjoyed.

A VISITOR FROM CHAMPAIGN
J. A. Kennedy of Champaign was in the city yesterday renewing acquaintances of his many years residence in Jacksonville. He is now managing a candy establishment where he lives and reports business quite good and profitable. He is glad to see the old place again and shake hands with his former friends.

LIBERTY LOAN PLANS MOVE SMOOTHLY

ARRANGEMENTS FOR SERVICE FIELD—COUNTY ALLIANCE TO BE NEAR MILLION AND HALF MARK.

Four Minute Men Will Make Addresses. Flyers Coming From Scott Field—County Alliance To Be Near Million and Half Mark.

Only unfavorable weather can prevent a great patriotic demonstration next Saturday, when the service flag parade moves along West State street from State Street church to the public square. Morgan county has at least 1,200 soldiers in the service and every mother and wife of a soldier is both invited and requested to take part in this patriotic demonstration. The women will wear service flags and after assembling at State Street church will march to the square with Capt. Vickers, Lieut. Wesley James, Lieut. Felix Farrell and Dr. J. G. Ames as the marshals.

A decorated automobile carrying speakers will stop in front of each of the banks for four minute addresses, and the sale of liberty bonds. There will be community singing and some other features to make the parade the very notable event it should be.

Airmen Coming.

In addition to the parade and music as a part of the Liberty loan publicity, Lieut. Harold McGinnis, accompanied by another officer from Scott field, will come in an airplane. Just the hour at which the aviators may be expected will be announced later. A demonstration of flying will be given all about the business district and over other parts of the city, and the same field used during chautauqua week will be utilized for landing.

As already indicated, H. M. Capps, manager of the Morgan county Liberty loan organization has plans well under way and the people in every precinct in Morgan county are to be impressed with the desirability of buying bonds on volunteer days next Saturday, Sunday or Monday.

Allotment figures.

Secretary McAdoo last night made the announcement that the total bond issue will be \$6,000,000,000 and this means an allotment of \$250,000,000 for this federal reserve district in the third Liberty loan campaign. The quota for the Illinois counties in the district was \$18,158,050 and Morgan county's share was \$773,250. The definite allotment for the county will be made today and it is safe to predict it will be somewhere near the \$1,500,000 mark.

It can readily be seen, therefore, that the subscriptions for bonds must be much heavier in every precinct than for any of the three previous loans. In every school house and in every church in the county the opportunity will be given for subscribing during the three volunteer days. Men and women are urged to see their bankers this week to ask for any further information they desire and to sign the subscription cards indicating the value of bonds they can take. Several payment plans are offered and subscribers can utilize the plan which best fits in with their own financial affairs.

SOCIAL SERVICE LEAGUE MEETING

Directors Held Conference Last Night About Work in Many Lines—Miss Dorsey to Attend State Convention.

Directors of the social service league held a meeting last night at the offices in the King building. Reports were made and various matters of interest were discussed. Preparations are under way for the annual meeting which will be held during the last week in October. The state convention of charity organizations will be held from Oct. 24 to 27 and Miss Dorsey, superintendent of the league, was authorized to attend as a delegate from the league. The question of financing the work for this year was considered at some length and it was determined to have a special drive for both members and funds during the week of Oct. 13-18.

A nominating committee was appointed to suggest names for new directors in the place of those who will retire at the close of this year. In addition to discussing financial affairs, reports were heard from the relief and case committees. Altogether it was an interesting session and indicated the extensive activities in which the league is engaged.

PRESBYTERY MET AT PETERSBURG

Dr. E. B. Landis To Assist in Supplying Vacant Pulpits — Delegates To Synod Named.

The fall meeting of the Springfield Presbytery was held at Petersburg Monday and Tuesday. At the opening session Monday evening Rev. L. D. Laswell of Mt. Zion preached the sermon in the absence of Dr. A. R. Taylor, president of James Millikin university, his theme being "Companionship with Jesus." Rev. J. D. Rugh of Taylorville was elected moderator and Rev. L. D. Laswell, permanent clerk. After the organization of the Presbytery the meeting was adjourned until Tuesday.

The most important matter given consideration at the session Tuesday was a plan by which the home mission committee and the church extension committee enlarged the work of the pastor at large, urging him to look after vacant churches in the bounds of the Presbytery. This has been done with satisfactory results in the eastern portion and the western portion is now to receive some special attention. Dr. E. B. Landis of this city was changed from the committee on foreign missions to home missions, in order that he might assist in the adjustment of the vacant churches near Jacksonville.

At the election of delegates to the synod the following were selected to represent the ministers: Dr. E. B. Landis, Westminster church, Jacksonville; Dr. J. W. McDonald, Decatur; Dr. E. B. Stafford, Decatur; Rev. Marion Humphreys and Rev. A. G. Bergen, Springfield; Rev. L. D. Laswell, Mt. Zion; Rev. C. P. Taylor, Greenville; Rev. J. Love, Athens. A like number of delegates was selected from the elders, Dr. C. H. Rammelkamp of this city being included in the group.

A number of men were received into the Presbytery, all of whom have already taken up work in their respective fields. One of these was Rev. J. H. Morphis, associate pastor of Northminster church in this city.

Among those in attendance at the Presbytery sessions were R. R. Stevenson of Westminster church and E. M. Vasconcellos of Northminster church.

Attend the good roads booster meeting at the court house at eight this evening. Good speakers will be in attendance and a meeting of general interest enjoyed.

WHICH WAS RIGHT?

Possibly both of them but let them settle it. A Journal reporter was in the Ayers National bank yesterday and heard in the basement some loud words. As he had business there and wasn't intruding he couldn't help hearing what was said by two prominent gentlemen in one of the side rooms of the place.

"I guess I know what I'm talking about. The baby bears my name and of course she's mine." "Well, the mother is much more important than the father and so I claim the baby's mine." "But you're too youthful to be a grandfather anyhow." "That makes no difference. I just claim that baby first and foremost as my granddaughter." "And I claim her first and foremost as my granddaughter." "I'll look into that right away."

And the gentlemen emerged from the room and the reporter saw it was A. A. Curry and Joseph Jackson, and then the explanation was easy. Neither gentleman was angry but each was fully decided but they were too sensible to have a falling out. They had been down to Louisville, Ky., to Camp Taylor and no wonder they fell out for that baby is the first grandchild of both and of course both claim it but they won't fight over it.

While at Camp Taylor they had a very pleasant time and saw a good many persons whom they knew. Like all others who have visited that and other places they express themselves much pleased with the way the soldiers are treated in the way of food, clothing, accommodations and all things in general. The Y. M. C. A. and kindred organizations come in too for a share of praise.

While there they saw Wells, Branstetter, Brittenstine, Spencer Carpenter's son, Ross Abel, Holt, Green of Jacksonville, Cain who is with the ambulance corps. Miss Helen Jackson will remain a while with her sister.

CROSS COUNTRY TRAVELERS

A family headed by Dr. G. J. Bigelow of Caney, Kan., and consisting of his wife and three rosy cheeked children, passed thru the city in their Overland car yesterday bound for Sandusky, Ohio. They were well prepared for camping and showed the good effects of contact with sun and fresh air and were very pleasant people withal.
